

# THE SPANISH FORK PRESS

VOL. VI. NO. 19.

SPANISH FORK, UTAH, THURSDAY, MAY 23, 1907.

Entered Feb. 21, 1902, as second-class matter. Post office at Spanish Fork, Utah. Act of Congress March 3, 1879.

## ODESSA JEWS IN DANGER OF BEING SLAUGHTERED

Black Hundreds Terrorizing Students and Jews, Firing Volleys Into Homes of Their Hapless Enemies.

Odessa.—The Black Hundreds took advantage of the funeral on Wednesday of the police officials, assassinated at the central police bureau, to renew their attacks on the Jews. The Jewish population became terror-stricken. All the stores were closed and the streets were almost deserted.

Jews and students were barbarously attacked and beaten, and Jewish homes were fired into. One pretext for this shooting was that shots had been fired from the houses in question, the well known provocative tactics that were indulged in at the Blaystok and Siedlee being thus repeated.

Governor General K. albars, however, under the spur of private instructions from St. Petersburg, had adopted measures to prevent the disorders from growing into a general massacre, and consequently another prepared anti-Jewish attack has, for the time being, been averted. Owing to the unreliability of the police, the governor posted himself and was in personal control of the patrols at the street corners.

A GEORGIA TRAGEDY.

Five Persons Are Dead as Result of Attempt to Lynch Negro.

Claxton, Ga.—Two negroes lynched, one white man and two negroes dead, and seven other persons injured, is the result of an attempt to capture a negro, who attempted a criminal assault upon Mrs. Laura Moore, a widow living near Manassas.

Fifteen persons surrounded the house of Sam Padgett, a negro, whom they suspected of harboring a negro who had criminally assaulted Mrs. Moore, and demanded to be allowed to search the house. Permission was given, but when within thirty feet of the house, those inside the building opened fire on the posse, instantly killing John Hare and seriously wounding Barlow Pearson, James Daniel and Dr. J. L. Kennedy.

The posse then returned the fire, killing Padgett and one of his daughters, aged 10, and wounding two other girls, aged 6 and 13, and two of Padgett's sons, aged 20 and 22.

CHARGED WITH HIGH TREASON

Star's Supporters After Leader of the Social Democratic Congress.

St. Petersburg.—A warrant has been issued for the arrest of Nikolai Lenin, leader of the majority faction, now attending the Social Democratic congress in London, upon the charge of high treason. He will be taken into custody if he returns to Russia.

The warrant is against Vladimir Ullanoff, alias Lenin, and it is said that the police have identified him as a noted radical leader of the early 1900s and a brother of the Ullanoff who was arrested in 1887 while waiting in wait for the carriage of Emperor Alexander II, and who was condemned to death and executed.

Lenin is regarded by the police as being the most dangerous and most capable of all the revolutionary leaders, and is well known as a writer on economic subjects.

Telephone Linemen Strike.

Salt Lake City.—More than 100 men, according to the estimate of Louis Ryan, president of the International Brotherhood of Electrical Workers, are out on strike. The strike is against the Bell and the Independent Telephone companies, and includes the entire district.

The number stated is only the number involved locally, and not the men in other states—Wyoming, Idaho and Montana. The number involved in those states will raise the total approximately to 250 men. In the district, all told, there are about 300 men, but some of these are under contract and will not, therefore, join the present movement.

Electrocuted by Barbed Wire Fences.

Bozeman, Mont.—In a most peculiar incident John Mize, a well-known hunter, lost his life. Mize was attempting to crawl through a barbed wire fence when he was electrocuted, dangling guy wire miles up the valley having fallen across a telephone wire, which found its way to Mize's nose. The odd antics of Mize's dog led to the discovery of his body by his wife.

## TROUBLES HAVE ONLY JUST BEGUN

Recent Central American War the Prelude to a Series of Bitter Struggles

Only a Question of Time Until President Figueroa of Salvador Will Be Confronted With a Most Formidable Revolution.

City of Mexico.—Mexican troops are being moved to the Guatemalan frontier over the Pan-American railroad, according to advices received here. In what numbers or for what purpose these soldiers are being moved southward is not known outside of official circles.

It was also learned that the war department had countermanded the order dispatching the Mexican gunboat Tampico to the port of San Jose de Guatemala and there take on board Senor Gamboa, the Mexican minister to Guatemala, who was to have gone to San Salvador. The Tampico is still in the harbor at Salina Cruz, and the Mexican minister is still in Guatemala City.

An American business man now in the city, who arrived from San Salvador a few days ago, says it is only a question of time when President Figueroa of Salvador will be confronted with a formidable revolution. An authority says conditions in the latter republic are rapidly approaching the chaotic stage now existing in Guatemala. Open war is being engaged in in Honduras among political factions, each led by a presidential aspirant. While many believe the threatened revolution in Salvador is secretly backed by Zelaya, who wishes to name a successor to President Figueroa, all are agreed that the troubles of the Central American republics are as yet but in their incipency.

MURDERED BY TERRORISTS.

Hated Russian Officials Laid Low by an Infernal Machine.

Odessa.—The superintendent of police of Odessa and the two chief detectives of this city were killed and seven other persons were seriously injured by the explosion of an infernal machine in the central police bureau Monday morning.

The machine was deposited in the bureau just before it exploded, by two men and a girl.

The police pursued, wounded and captured the men, but the girl escaped. The leader of the trio turned out to be a terrorist named Tchertkoff.

The two detectives killed were bitterly hated by the terrorists, one of them for participation in inciting the outbreak of 1905 here, and the other who was nicknamed "The Hangman," because he had tortured political prisoners.

DENOUNCE SPEAKER CANNON.

The Trainmen Resent His Attitude Toward Laborers.

Atlanta, Ga.—The Brotherhood of Railway Trainmen completed its business late Monday and adjourned Columbus, O., was selected as the place for the next biennial convention. Among the resolutions adopted was one denunciatory of the action of Speaker Cannon of the national house of representatives in his attitude toward labor and opposing his re-election.

City Will Take Street Cars.

San Francisco.—District Attorney Langdon is taking steps to cause the surrender of the Geary street railway to the city. This action would be in accord with legislation taken about two years ago, when a franchise of the road having expired, a temporary license to continue operations was granted with the reservation that, upon demand, the road would be turned over to the city. Resultant of a bond election, the last municipal budget carried an appropriation of \$350,000 for municipal assumption of the road.

Charged With Awful Crime.

Raleigh, N. C.—Dr. R. S. Rowland, a prominent physician here, was arrested Monday on a warrant from Henderson, Vance county, charging him with poisoning his 11-year-old son near Kittrell to obtain money and property left to the boy. The boy died after taking a walk in the woods with his father, and it is alleged that the lad said his father had given him an orange which tasted bitter. Rowland's wife, to whom he was married last week, was arrested as an accomplice.

## SAYS THE LIMIT HAS BEEN REACHED IN SAN FRANCISCO

Contractors and Builders Declare That Further Increase in Wages Will Result in Suspension of Building.

San Francisco.—The precipitation of a fearful industrial struggle in this city in throwing down the gauntlet to trades unions by declaring a gigantic lockout of the thousands of building craftsmen engaged in the work of rehabilitating San Francisco for a long time hung in the balance Wednesday afternoon at a meeting of the principal builders and contractors and representatives of the manufacturers. Several speakers declared that the only solution of the continual industrial strife and labor troubles in San Francisco was the "open shop," and urged immediate war upon the unions and a "fight to the finish without quarter," by the cessation of all building operations until the employees would be glad to return to work at wages that builders and contractors and other employees could pay without loss to themselves.

Other speakers with equal vigor opposed such radical action, urged more conciliatory tactics in dealing with the situation, pleaded for the rights of labor organizations and pointed out the possible results of such a tremendous struggle between capital and labor. The conservatives finally won and succeeded in having a resolution adopted calling for the appointment of a committee of five representing the builders and contractors to confer with the unions with a view of securing peace for at least one year.

OPENING STATEMENT BY HAWLEY

Noted Attorney Will Lead for State in Seunenberg Case.

Boise, Idaho.—It has been decided that James H. Hawley, senior counsel for the state, will make opening statement in the trial of Haywood. He and his associates were in conference on the subject on Wednesday and they also spent some time considering the testimony to be offered next week and the order in which it will be offered.

It has not yet been decided by the state to call Steve Adams as a witness. He is on the list of the state's witnesses and it was for a time deemed certain that he would be brought here and willing or unwilling, be placed on the stand, but now the matter is in doubt and will probably not be determined until later.

DAYNES GEMS RECOVERED.

Suspected Thief is Captured in Little Colorado Town.

Denver, Colo.—Gems valued at \$1,000, part of \$15,000 loot stolen from Daynes & Son of Salt Lake, Utah, recently, were recovered here on Wednesday at the Wells-Fargo express office by Sheriff H. W. Potter of Otero county, assisted by Sheriff Alexander Nesbitt of Denver county. The gems were secured through a reprieve suit brought in Justice Carlson's court. A man named Phillips is under arrest in La Junta, Colo., charged with the theft.

CRUISERS LEAD THE NAVY.

Honors Won by Pacific Squadron Over Other Vessels.

San Diego, Cal.—Ships of the Pacific squadron have won highest honors of the United States navy for every class of which it contains a vessel. The Boston, a cruiser, has won the trophy over every ship in the entire navy for the highest general average made in target practice for this year. The only trophy which the squadron has not won is that for battleships, and that may be because the squadron has no battleship.

Chorus Girl Convicted of Murdering Her Pugilist Husband.

Bridgeport, Conn.—Catherine Nell, an artist's model and chorus girl of New York City, pleaded guilty to the charge of manslaughter in the killing of her husband, Joseph Nell, a blacksmith and pugilist, in Greenwich, December 14, at a special session of the criminal court on Wednesday. Judge Wheeler imposed upon her an indeterminate sentence of not more than nine and not less than five years in state's prison.

Work of Train Wreckers.

Los Angeles.—Private detectives employed by the Southern Pacific and deputies from the sheriff's office in this city are joined in the search for the men who are believed to have caused a disastrous wreck on the Coast Line Wednesday, when five cars of the Coast Line Limited plunged over the edge of a trestle near West Glendale, ten miles north of this city. The list of dead is believed to be complete with the finding of the bodies of James Victor and T. J. McMahon.

## DR. C. M. HART DENTIST

In W. O. Creer Building, SPANISH FORK  
OFFICE HOURS: 9 A. M. till 5 P. M.  
INDEPENDENT PHONE:  
Office No. 43-A Residence No. 74
